

\$1.00—WHEAT—\$1.00 ONE DOLLAR A BUSHEL IN SIGHT.

The most conservative and best informed people consider an advance of wheat to \$1.00 a bushel to be only a question of time. It is evident that the market has been held down to over \$1.00, recalling the time of 1887, when the deadly work of the Mexican mess was well under way to \$1.00 a bushel. Your Great Opportunity to make plenty of money is now. There is no amount of cents per bushel before your eyes. We will wait 75 cents until thirty days, then we will put our orders in. You are sure to get them. They are here. Nearly one-half of the wheat crop has been wiped out by continuous frost. Mexican flies and chinch bugs. The damage is enormous. Our largest orders to-day come from people in the territory where wheat has suffered severely. Let us join the irresistible advance.

SMALL AND LARGE ORDERS WANTED.
have been made by our customers during the last few weeks, according to the amount they invested. We will take orders, without charge, on any amount deposited to our credit, and we will assume your order at once. Our daily Market Letter, full of money-making pointers, suggesting when and what to trade, sent free, also strengthens our position, examining margin.

FINANCIAL.

There was a very good counter business yesterday at most of the banks, but at the discount houses it was not so good. The demand for money was light, both on re-lenders from the country and home borrowers, and what little new paper there was, was not so good. The banks remain steady at 6½ per cent. But little currency going to the country. Bank clearings, \$1,200,000, same day last year, a holiday.

Eastern exchange less active and weaker.

Houston, Fible & Co., exchange brokers, quote as follows:

New York, \$1.04 premium; Chicago, \$2 premium; St. Louis, 20¢ premium.

The banks will be closed to-day. It being a legal holiday.
